# Meeting Goal and Objectives

## Overall Goals

1. Share and celebrate the knowledge base developed through this effort.
2. Support post-grant action of the sites.
3. Understand the needs of the practice community with respect to future implementation of cross-jurisdictional sharing.

## Learning Objectives

1. Understand what has been learned through this effort.
2. Identify relevant experience and resources from the Learning Community sites that can be of assistance moving forward.
3. Understand considerations for assessing effectiveness and efficiency through cross-jurisdictional sharing arrangements.
4. Understand the value and relevance of cross-jurisdictional sharing for select national organizations.
5. Understand how improved public health helps to achieve broader public policy goals.
