

The Partners

Becker County Community Health Services
Clay County Public Health
Otter Tail County Public Health
Wilkin County Public Health

The Idea

The SSLC provided us with the opportunity to learn from others and provided a small amount of funding to use for meeting expenses, travel, and contracting for services.

For Example:

- Contract with the Center for Small Towns to create a 4 county Community Health Assessment. Compared data with perceptions reported in the community surveys from each county
- Participated in the West Central QI Learning Collaborative to align fiscal reporting for the new CHB. Paid for registration and lodging
- Travel expenses to participate in the National meetings.

Minnesota Shared Services Learning Collaborative
Partnership4Health CHB

The Outcomes

Year 1:

1. Shared staffing contracts used for TB, PCA Assessments, & Fiscal
2. Drafted documents:
 - a. Joint Powers Agreement
 - b. Bylaws
 - c. Delegation Agreements

Year 2:

1. Feb-Are you in or Are you out? We are proceeding with or without you meeting.
2. March-All adopted JPA
3. August-First official JPB meeting!!!
4. QI Team Approach for
 - a. Fiscal
 - b. Follow Along
 - c. Child & Teen Outreach
 - d. Public Health Emergency Prep

Reflections

Road map describes the process-use it as your guide.

Adapt existing documents to fit the needs of your project.

The San Diego/Mexico-Project has a direct impact on our work in Minnesota-showing a pipeline from Mexico to Worthington, Willmar, and Pelican Rapids.

Montana-small counties provide PH services through critical access hospitals much like NW Minnesota.

TEAM-Together Everyone Achieves More
